

**Ethics Institute  
of South Africa**

ONE DAY COURSE

# VALUES-BASED LEADERSHIP

## Bringing Values to the workplace

This course integrates ethics management and corporate governance. It addresses the King III Report, key legislation like the PMFA, Protocol for Public Service, and Shareholder Compacts, along with other national and international regulatory systems supporting corporate governance, while focusing on values-based leadership and ethical risk management strategies.

### **WHO?**

Directors, Executives, Senior Managers, Ethics Officers and Company Secretaries from the Public and Private Sectors.

### **You will learn how better to understand:**

- The Enterprise Governance Model and building trust;
- Integrating company performance with accountability;
- Balancing conformance with value creation;
- The workings of an integrated Ethics Management and Corporate Governance Programme;
- The costs and benefits of an Ethics Management Programme;
- The integration of ethics management and governance practices;
- Compliance with King III, the PFMA and Protocol in the Public Sector;
- Sarbanes Oxley and the Federal Sentencing Guidelines;
- Working in corrupt environments; and
- Future trends in ethics management and corporate governance.

### **Benefits:**

- Recognise ethical issues and challenges in the workplace;
- Address those issues and challenges directly;
- Act in accordance with corporate governance principles and ethics standards;
- Raise ethical issues and concerns before they become problematic;
- Increase confidence because you meet the organisation's standards and expectations, thus empowering you with the ability of decision making and personal Initiative;
- Mitigate director liability;
- Mitigate class action damages; and
- Enhance business continuity.
